

PERSONAL ASSISTANT FINDER

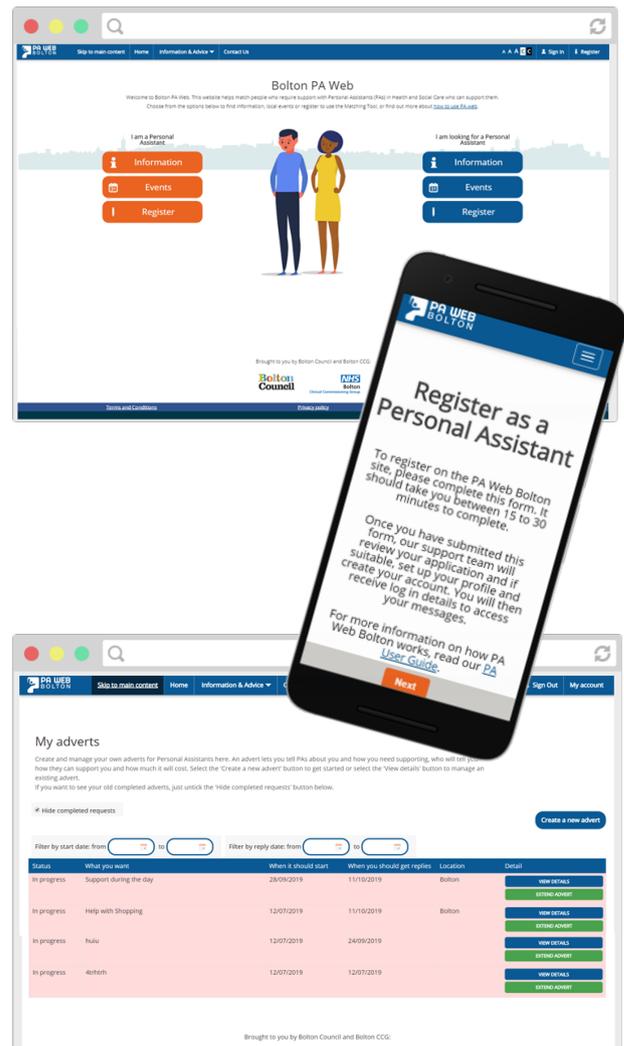

The PPL Personal Assistant Finder matches Personal Assistants (PA) with individuals looking for a PA to deliver care and support.

Benefits:

- Provides quick access to PAs, following a discharge from hospital or at a time when a person's usual PA may be self-isolating or unwell
- Collates information about local PAs in one place
- Online, digital solution allowing easy access for self-isolators and shielded individuals
- Encourages individuals to become PAs, particularly at a time when more people may be out of work or furloughed
- Personal details are secure and not publicly visible

Features:

- Online registration for PAs and Individuals
- "Request" facility, which details the help an individual is looking for, and is sent out to all or select PAs in the system
- Online messaging facilities to allow individuals to securely communicate with the PAs to agree a service
- Full audit trail of messaging and agreements

Price (excl. VAT): £10,000 implementation and £10,000 per annum ongoing

Time to implement: Approximately 2 weeks
